ALL THE POWER OF JAGUAR VIDEO ANALYTICS IN A RUGGED ENCLOSURE
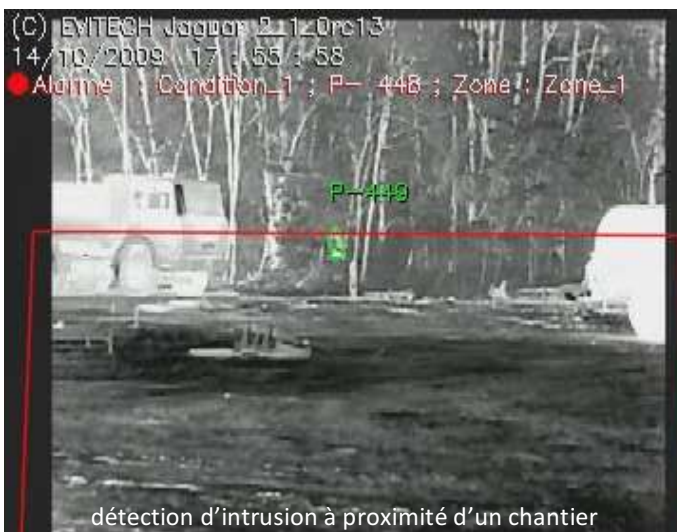

Main applications

- Intrusion detection & perimeter protection
- Industrial monitoring (fire, leaks, …)
- Loitering or left/taken objects detection
- Counting and statistics

Highlights

- Realtime detection on 1 to 6 IP channels
- Dome tracking through IP (AXIS, Pelco-D/IP, ...)
- 8 GO RAM, SSD 256 GO, 2 RJ45, HDMI, VGA
- Completely waterproof/dustproof (IP67)
- Extended temperature range from -20°C to +65°C
- Max power 60W
- Powered in 220V AC, or 12V DC 5A
- Very compact : 8,5 x 21 x 25 cm, less than 4 kg

détection d'intrusion à proximité d'un chantier

détection d'une présence suspecte autour d'un site

EVITECH handles many integrations of video surveillance systems in all kinds of environments.
